

Save up to \$75  
on energy costs

### Receive your \$40 rebate

Offers valid only for residential electric customers in MA where the Mass Save® Program is offered by Cape Light Compact, Eversource, National Grid and Unitil. This rebate is good for a purchase of an ENERGY STAR certified room air conditioner completed between January 1, 2023 and December 31, 2023. The rebate application and all necessary materials must be postmarked or submitted online by January 31, 2024. Limit two room air conditioner rebates per Massachusetts residential electric account per calendar year.

**ENERGY STAR** certified room air conditioners use **10% less energy** than conventional models. Certified models come with better sealing and insulation materials to minimize air leaks.

### Choose an air conditioner that is appropriately sized for your room.

- Air conditioners both cool and dehumidify. An oversized unit will cool the room before it's able to remove an adequate amount of humidity, leaving the room feeling clammy
- Check out the buying guide at [energystar.gov/RoomAC](http://energystar.gov/RoomAC) to help determine what capacity air conditioner is best for your space
